I. WELCOME / INTRODUCTIONS (5:30-5:39)

Meeting began at 5:42 PM

II. QUORUM CHECK / MINUTES APPROVAL (5:39-5:40)

Vote to Approve Minutes
Approve: 8 Abstain: 0 Deny: 0

III. NEW BUSINESS / ACTION (5:40-6:30)

- A. Health Beverage Initiative – Laura Ishkanian, Ellen Tsay & Amy Penn
- a. Launched in support of UCSF's mission that UCSF is here to show what world class health looks like, not just world class health care.
 - b. Many experts who research the harms of sugar are UCSF faculty, led the charge to target liquid sugar (soda). It's an easy target... very harmful because without fiber, ingested sugar slams body's organs and inhibits them from metabolizing sugar in an efficient way. So the HBI targets drinks with added sugar (does not include diet drinks due to lack of an extensive body of evidence proving harms of diet drinks)
 - c. Advocating for student groups to serve healthy food and drinks without added sugar at events
 - d. Work group (Contact Laura) to get students to figure out ways to get healthy food options at these talks. Pluto's, other local restaurants that student groups can make deals with.
- B. CLS Arts & Events – Joey Convento
- a. Postponed
- C. Gender Neutral Bathrooms – Iva Petrovchich
- a. 2020 timeline to move toward gender neutral bathrooms. She will connect with Klint from LGBT resource center next week. Will clarify why timeline to change bathroom signs is taking so long.
 - b. Any reports from other schools about thoughts on initiative – please send to Iva.
-

-
- D. Committee Representatives – Troy Santos
please note members of the academic council must sit on two committees throughout the academic year
- a. Committee Updates
 - i. Campus Climate, Culture, and Inclusion
 - 1. Real Talk Dialogues: Immigrant Rights are Human Rights, 04/04 12-1PM in S-172
 - 2. Multicultural Resource Center is having a series of events – Wellness Wednesdays, Real Talk Dialogues, etc. throughout quarter
 - 3. Paint Nite at MRC on May 3rd
 - 4. MRC is going through renovations this quarter as well.
 - ii. Chancellor's Campus Council
 - 1. Next meeting on April 19th
 - iii. Council on Student Fees
 - 1. Need student to represent UCSF as proxy for Student Fees meeting in Oakland on Friday April 21st from 11-4PM. You'd be prepared before the meeting.
 - iv. Food Security for Students Program
 - 1. Food Security Presentation – CalFresh with Laura Schmidt, PhD Professor of Health Policy and Ruben Canedo, Co-Chair of the UC Basic Needs Committee. April 5th from 12-1PM, Cole Hall. More info on how to sign up for CalFresh, how you can use CalFresh to get Muni Lifeline passes, and more.
 - 2. Need student representation for May 10-11 at UC Riverside meeting for the system-wide Food Access and Security-Basic Needs Committee.
 - v. Library & Scholarly Communication
 - 1. Listen in on and chat with library direction. UCSF has not had a main UCSF librarian for a period of time. Committee has decided on Chris Schafer from OHSU.
 - 2. Getting UCSF expression of interest for Open Access 2020 initiative – designed to change economic model of publishing to promote open access, paying publishers in our research... cost of publishing increases every year so this committee has organized funds for open access publishing to open access places for submission up to \$2000 in journal, and \$5000 open access monograph in a book. Limited in that it's mostly available to labs and groups that aren't necessarily grant-funded and can't have funds readily available, but good direction to go into.
 - 3. Related to SCHOLI searching – UCSF is testing out EMBASE. It has resources that PubMed does not, if you're looking for information on clinical data or recent publications on things, it will be good to go to EMBASE. Also contains lots of European data you don't get in PubMed.
 - 4. Reassessing 24 hour space – because of security related issues, lots of discussion on how to still give access to limit the space they can use. There's been cases where public has been found in the library doing undisclosed illegal activities. Hearst 24 hour space becomes limited hours public space – students will have access to entire 3rd floor instead.
 - vi. Library Student Advisory Board

1. Public access to our resources because we're a public University... so Hearst Room will be public space and 3rd floor – students only (key required) and we'd need a security guard. 24/7 -> 24/5 (not 2 days on weekend). Most of campus administration is in favor.
 2. A lot of student input needs to go into the issue and hopefully have them come in for a presentation. Other students are invited to the next meeting and a survey could be sent out to gauge opinions.
 3. Also a survey for those using library spaces and best way to do this survey? E-mail, paper copies placed w/in library, and if there's only one question a day and you quickly answer it as you walk in.
- vii. Student Financial Aid
 1. Postponed
 - viii. Student Health Advisory Committee
 1. Postponed
 - ix. Student Services Fee Advisory Committee
 1. Committee finalized recommendations and will send to Chancellor.
 - x. Transportation Advisory Committee
 1. All new electric shuttles – starts in October
 2. Pilot of LYFT is you're on campus late (10PM-6AM) need to get another campus or get home, there would be a geofenced area with UCSF email to Lyft, up to \$15 will be covered... starting May 1st. 90 day pilot
 3. Next meeting is tomorrow, April 4th.
 - b. Committee Recruitment
 - i. Formal Planning Committee
 1. Encourage student leaders to recruit.

IV. UPDATES (6:30-6:40)

- A. March for Science – Ken Hallenbeck & UCSF Science March Organizers
