II. QUORUM CHECK / MINUTES APPROVAL (5:39-5:40)

- Sameera motioned to approve the last meeting minute
- Sydney seconded the motion.
 - Yes: 9. No:0. Abstain: 0

III. NEW BUSINESS / ACTION (5:40-6:25)

A. Election & Referendum Results – Nam Nguyen

a. VP of External Affairs (grad rep)

- David Sung would like to run for the position of VP of External Affairs (Grad Division)
 - Sarah: Which graduate division program are you involved in?
 - David: I am part of the UCSF Craniofacial Science Division
 - Sarah: how will you represent your graduate division in GPSA and help advocate for students in your division?
 - David: work closely with board members to identify directives and initiatives from the graduate division.
 - David: previous experience as a student representative, advocating for businesses and cultural groups as a student leader.
 - Eli: Have you considered what project you will do or continue this year?
 - David: I do not have existing plans or policies, but happy to initiate them soon. I would first learn more about the GPSA umbrella plan.
- Nam motioned to approve David Sung as the VP of External Affairs (Grad Division).
- Yes: 9. No: 0. Abstain: 0

b. Officer transition:

- Upcoming Executive Board dinner and transitional meeting for the new board.

c. Student Transit Referendum:

- Abha and Elaine: UCSF Dental Students do not need transit pass due to most students staying within the distance of the campus. The tuition at UCSF Dentistry is among the higher end and the cost of tuition.

- Eli: the medical students need access to transit pass to commute to required rotational sites. How did the information get to the dental students?
- Jennifer: GPSA has sent out student newsletters for the past three to four months to all UCSF students. For any referendum on campus to be withdrawn or reconsidered, we must put the issue on the ballot to be voted by getting at least 5% of the student body to sign a petition on Qualtrics form or another method.
- Unfortunately, this fee is compulsory and cannot be opted out.
- Elaine: Can we check in with a third party to reverse the decision and get this issue on the ballot?
- Jennifer: I will check in with the third-party contract and contact University Lawyer.
- Abha: students needed to be better informed, and the ADS representatives were required to disseminate the information better.
- Eli: happy to discuss how the School of Medicine disseminates the information.
- Heather: The transportation referendum was well-explained, and the department did everything possible to get the word out.
- Jennifer: the belief that it is cheaper to get Muni Pass through Calfresh is not well-founded. The pass with UCSF is \$23/month and has unlimited rides.
- Sarah: calfresh's price is \$40/month for unlimited MUNI rides.
- Nam: I would like to confirm that the voting is strictly for fee-paying students.
- Jennifer: every single vote was verified as fee-paying students.
- Eli: many undocumented students need to be eligible for Calfresh; this is a method to help support students with limited resources.
